Important Announcement Regarding Prom

Parents and Guardians,

We understand the importance of prom for many of our high school students especially our seniors. Thus, we are committed to try and provide this experience on the originally scheduled date of Saturday, April 25, 2020. As of now we are waiting to see if changes are made from the CDC and the governor's office concerning public gatherings regarding the Coronavirus Pandemic. However, in case changes are not made we have asked the Lawrenceburg Event Center to hold Saturday, May 23, as a secondary date for prom. We will make the determination in early April on moving the prom to the alternate date and communicate that announcement accordingly. We appreciate your understanding through this difficult situation.

Thank you and stay safe and healthy,

Chris Tanner
Assistant Superintendent
